

Building Committee Project Report – 3/16/10

Here is a list of recent accomplishments and upcoming tasks to date:

Since the last report:

- Nearing completion of mechanical and electrical rough-ins
- Nearing completion of steel stud framing
- Have begun installing metal roof and wall panels
- Have completed majority of duct work in classroom wings

Upcoming:

- Finish steel stud framing
- Finish mechanical and electrical rough-ins
- Install wall insulation
- Begin hanging drywall (sheet rock)
- Finish install of exterior metal panels
- Complete all roofing loose ends

The Building Project Committee is appreciative of everyone's continued support and assistance. We continue to be blessed with this project progressing on time and as planned. The challenges we have experienced have been minimal and easily resolved through teamwork of our committee and staff. Please make sure to drive around to the Hanson Boulevard parking lot on Sundays to see the progress. We are planning ongoing intermittent "video tours" of the new construction in the Gathering Area with a television playing a repeating tape every couple of weeks when significant noticeable changes occur. This will allow you to have a safe, convenient and clean firsthand look! If you have questions or concerns let us know. Keep those prayers coming; they are working great!

Donn Berkeland and Steve Weiss, Co-chairs
