

Building Update 12/03/09:

Since our Groundbreaking Ceremony on November 15th, we've made some exciting progress on our construction project. We have:

- excavated the site
- removed trees
- poured footings & laid foundation block
- back filled, leveled & graded
- started the demolition of electrical in the old office space and Luther Room
- updated & moved the security system keypad & system panel

The Facilities Project Team appreciates your ongoing prayers and support.
